

Dear Merchant,

Announcement: Fleet Card has teamed up with 1link

With the continued growth of Fleet Card and our desire for greater efficiency in delivering class leading solutions, we are pleased to announce the next stage of our business development; with effect from 13th February 2017, Business Fuel Cards Pty Ltd trading as Fleet Card will be joining 1link Service Network for online maintenance authorisations and electronic invoicing.

1link, which is already in use by some of Australia's biggest fleet operators, has over 1300 users across Australia and provides Fleet Card with the infrastructure to further extend our reach. It is paramount to our business that our key maintenance and repair providers embrace 1link as we continue to develop our products.

In support of Fleet Card going live with 1link, we have been able to negotiate a discount for our key suppliers with Innovation Group, Australian distributors of the 1link platform. By joining now using the attached form, you will receive a 50% discount off the standard Annual Registration fee of \$750.00 for your first year – a saving of \$375.00. In addition, Innovation Group have included 10 free transactions and offer free over the phone training and support to help get you started.

As one of our most important suppliers, we invite you to join now in support of our preferred trading method. We believe in doing so both of our businesses will experience significant benefits, including removal of manually processed paper Fleet Card Sales Vouchers.

In order to join, all you need to do is complete the attached Order and Registration form together with the Direct Debit Request and simply fax it back to Innovation Group on 1300 132 856. On receipt of the completed registration form, Innovation Group will enable you on the 1link platform and have you trading using the Internet within a couple of days.

I would like to take this opportunity to thank you for your on-going support in joining 1link Service Network and look forward to many years of electronic trading thereafter. If you would like to know anything further about 1link please don't hesitate to contact us on;
