FUEL CARDS 2025

# Turn everyday fleet spend into business advantage

Managing a fleet means keeping vehicles moving, controlling costs and maintaining visibility. FleetCard helps you do all three, with nationwide coverage, integrated technology and full control of your fleet spend. With FleetCard Rewards+, your fuel spend can also generate business reward.

## Nationwide coverage

Accepted almost everywhere, with coverage at over 90% of fuel sites nationwide and access to more than 2,200 EV charging stations.

## Control at every stage

Set transaction limits. Control fuel types. Monitor driver activity. Access detailed reporting to track spending and identify exceptions early.

## Simplified operations

Receive one consolidated ATO-compliant tax invoice. Sync directly with Xero to reduce manual data entry and simplify BAS preparation.

## Convert cost into rewards

With FleetCard Rewards+, your business can earn 1 Virgin Velocity Point per litre of eligible fuel\*. What was once just fuel spend can now contribute to business travel, upgrades or accommodation.

# Choose the FleetCard that fits your business

Whether you're looking for straight-forward fleet control or added value from your fuel spend, FleetCard offers options designed to scale with you.
